

RTE Alert: Medicaid Restricted Recipient

Overview of Feature/Changes

A new alert that may be seen in the 'Alert Section' of the RTE response.

Please remember to read all alerts as they are pointing out valuable information.

This RTE Alert will display if the response is returned with a message suggesting the patient services are restricted to DOH assigned providers.

This information will be found in the Details section of the RTE response.

Patients with 'Restricted Recipient' are restricted to certain places/providers for most care and therefore an authorization will be needed for payment of services.
