

EPIC SYSTEM UPDATE

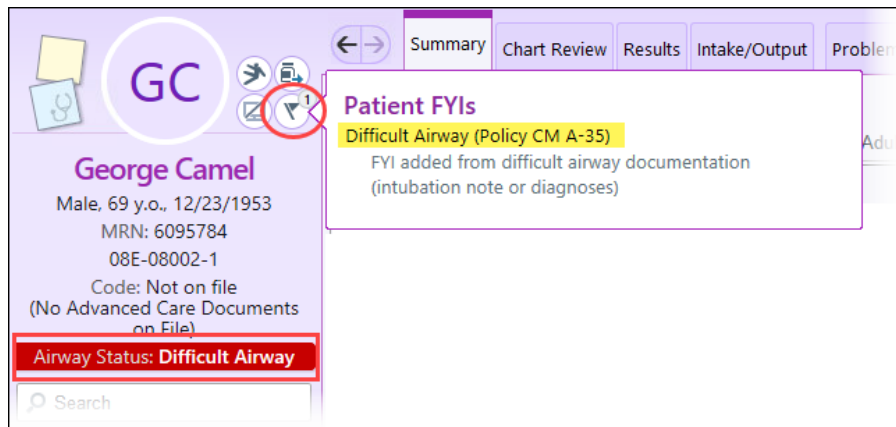

Overview of Feature / Changes

Effective April 24, 2023: To help improve the management of those patients with a difficult airway, there have been updates made to the **Difficult Airway FYI Flag** and **Intubation Procedure Note**.

Difficult Airway FYI Flag

The **Difficult Airway FYI Flag** has been updated to populate within the FYI Flag icon as its own line on all clinical Storyboards and will be added based on specific documentation completed in the patient's chart.

Intubation Procedure note

Procedures Notes have been updated to include the new **Intubation SmartForm** to help improve documentation and indication of those patients with a Difficult Airway.
