Difficult Airway FYI Flag

The **Difficult Airway FYI Flag** will populate as an **FYI Flag icon** and its **own line** on all clinical Storyboards. Follow the steps below to add and remove the Difficult Airway FYI Flag from the Storyboard.

Adding the Difficult Airway FYI Flag

- 1. The Difficult Airway FYI Flag will auto-populate on the Storyboard when **one of the following** is documented in the patient's chart:
 - a. An Intubation Procedure Note indicating a Patient had a Difficult Intubation.
 - b. The Problem List includes Difficult Airway.
 - c. A new Difficult Airway FYI Flag is added.

Removing Difficult Airway FYI Flag

To remove the Difficult Airway FYI Flag, it needs to be **Disabled directly from the Storyboard**.

- 1. From the storyboard, click the Difficult Airway icon.
- 2. To disable the FYI Flag, select No for "Does this patient have a difficult airway?".
- 3. Click accept.
- 4. The Difficult Airway FYI Flag will no longer show on the Storyboard.

Note: Resolving the Problem List will not remove the Difficult Airway FYI Flag.
