

Annual Fire System Testing Notice **East Wing/East Tower**

TO: **East Wing/East Tower**

FROM: **Physical Plant Services**

SUB.: **Annual Fire System Testing**
East Wing/East Tower
February 3- February 28, 2:00am – 7:00am

DATE: **February 2, 2026**

Testing Start Date: **February 3, 2026**

Honeywell and Physical Plant Electronics staff will be conducting annual fire system testing starting at 2am on Thursday, February 3, 2026, in the East Wing/East Tower and the work will continue for the month of February.

Please note:

- Testing will only occur on Tuesdays, Wednesdays, and Thursdays for the month of February and will start at 2:00am and end at 7:00am except for Wednesdays, where testing will happen from 1:00am – 7:00am. The testing that will begin on February 3rd will start on the 12th floor of the Childrens Hospital and they will continue to work their way down.
- Also note that Wednesday's testing has been reserved for the OR's.
- Air handling system may shut down temporarily.
- Some pressure rooms may experience alarms and ventilation flow noises may be intermittent as the system transitions and resets.
- Program changes have been implemented to minimize patient care impact.
- In the most critical areas (Bone Marrow, Pharmacy, & OR's) we will coordinate work to be conducted off hours as much as possible.
- For prolonged alarms or air flow loss, please call HVAC at 4-4351

If you have any questions or require clarification of this notice, please contact Bob Giacobi (315-380-8971)
