

# Collection Tube Shortage

*Update*

**UPSTATE**  
UNIVERSITY HEALTH SYSTEM

## NATIONAL SHORTAGE OF ALL BLOOD COLLECTION TUBES

- Light green tubes stocks have improved
- Starting April 11, light green tubes should be used for the majority of chemistry testing
- Please refer to the Collection Manager instructions as to which tube should be used for collection

**Most  
chemistry  
testing**

For questions on which tube to use for which laboratory test, please refer to the Collection Manager instruction or contact the Chemistry Laboratory (464-6822 Downtown, 492-5531 Community)
