Results Review Changes for RBC Beaker Go Live

EPIC SYSTEM UPDATE

Overview of Feature / Changes

Effective Saturday June 21, 2025: the **Results Review** activity results separate orders for **RBC product information** and **Type and Screen**. A new **“Allocated / Issued Red Blood Cells”** result displays product information. **Type and Screen** displays only pertinent details for **ABORH / Gel Antibody Screen / Site** and **CPOE Order number**.

Post Go Live RBC View:

RBC product information resulted to its own order.
