

Maternal Cell Contamination testing

- Starting **January 8th 2026**, the Molecular Diagnostics Lab is offering the **Maternal Cell Contamination (MCC; LABAP2860)** testing
- This assay is ordered along with **Cytogenetics Microarray Test (LABAP2845)** for pregnant patients
- If this is a multiple pregnancy, a copy of this order is needed for each gestation (see boxed section)

The Epic Order

Maternal Cell Contamination ✓ Accept ✗ Cancel

Status: ☐ Normal ☐ Standing ☒ Future

Expected Date: Today Tomorrow 1 Week 2 Weeks 1 Month 3 Months 6 Months ☐ Approx.

Expires: 7/2/2026 1 Month 2 Months 3 Months 4 Months ☒ 6 Months 1 Year
