Message from Andrea

May is the month to reset and restart. We welcome our new students coming soon next month! Look out for their virtual introductions over the next couple of weeks! This is an ideal time to reach out if you are thinking about how you can get involved this upcoming academic year. I would like to hear from anyone interested specifically in a MDPHD Social Committee. This could mean organizing happy hour after grand rounds and any other events that someone might be inspired to organize throughout the year. Finally, would anyone like to help me organize a MDPHD alumni panel? Let me know!

How you can get involved

MDPhD Orientation Committee (June 3-7)

Social committee

Recruitment panel

SURF JC

Transition panels

Student mentorship

Tri-institutional conference

MDPhD Alumni Outreach

Email Andrea for more information and/or if you are interested in any of the above.

MDPhD Town Hall Follow-Ups

2025 MS3 Transitioners

Mandatory requirements:

1. MS3 Orientation (March 10-14)
2. Advisement Meeting with Dr. Mason and Dr. Dhamoon

Family Updates!

Welcome
Dora Shira Schulman!

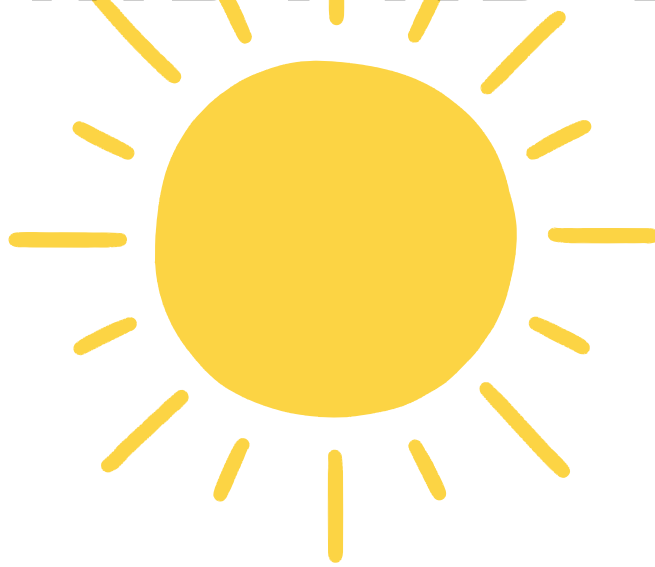

Happy 1st Birthday Cyrus!

In Baltimore, Alan completed his intern year in pediatrics and is transitioning to anesthesia. He had the opportunity to bring Maëlle and Nevan for the Hopkins peds anesthesia/critical care family fun day (pictured). Their family gathers with Liam, Emma, and Fiona often (did not receive a picture update)! Baltimore is treating everyone well!
