### **Research Project**

#### **Project Title:**

Intersection Between Age and Race-Ethnicity on Exposure to Heat Wave, Severe Weather, and Wildfire Events in a National U.S. Sample

**Date of request:** 08/05/2025

#### **Contact Information**

**Full Name:** Roger Wong, PhD

**Title:** Assistant Professor

**Department:** Public Health and Prev Medicine

**Phone number:** 6315330163

**Office:** 2263A Weiskotten Hall

**Email:** wongro@upstate.edu

### **Research Project**

I am seeking one student volunteer to be a co-author on my publication examining the intersection between age, race, and climate events. The paper is conditionally accepted and must be submitted by Aug 24, with an internal deadline of around Aug 21 for me to proofread. Specific responsibilities include: (1) Complete the red highlighted portions in the intro, results, discussion, and conclusions sections following my provided outline [<http://bit.ly/46NZAWJ>], and (2) Learn Zotero via my provided YouTube videos if not already familiar with it. If you can no longer access the paper via the link, that means this position is filled. To apply, please send me a resume/CV, writing sample (ideally scientific writing that you did majority of writing), and a very brief statement of interest

(instead of a cover letter) in the body of your email (WongRo@upstate.edu). Current or former students in the Upstate MPH program will be prioritized.

**Research Location:** Remote

**Tele-research/remote opportunity?** Yes

**Will it require student to be physically present in the research location?** No

**Type of research:** Epidemiological

**Summer project?** Yes

**Long-term project:** No

**Availability required to work on your project(s):**

N/A

**Prior experience or specific skills required to work on your project(s):**

N/A
