The Monthly Upstate Magnet Journey Newsletter

#ANCCMAGNET

MAGNET CULTURE

On January 21, 2021, Upstate University Health System was the first SUNY Health System to achieve Magnet Recognition through the American Nurses Credentialing Center (ANCC). This was an outstanding achievement and recognition. We are on track for Magnet re-designation, which includes submitting a written document filled with 92 stories, data, and graphs demonstrating nursing excellence and improved patient outcomes. This document is due February 3rd, 2025.

Once the ANCC accepts the document, an onsite visit will occur with a team of ANCC Magnet appraisers. We could anticipate a site visit in late fall 2025 or early 2026. The appraisers will visit all areas where nursing is practiced. Upstate Nursing will be excited to showcase all the great work in your areas!!

WHAT'S INSIDE THIS ISSUE:

Nursing Excellence at Upstate - p.2

Magnet Boards - p.3

Magnet Components - p. 4

Magnet Program Contacts - p. 5

NURSING EXCELLENCE AT UPSTATE

Do you have a potential story from your area you want to share with the Magnet Team? Such as:

- Evidence-based practice implementation?
- Innovations in nursing?
- Quality improvement projects?
- Nursing excellence examples?

Magnet Story Submission (will be submitted as an email to the Magnet Team)

The story information must have occurred on or after 2/1/2021 to meet our next magnet documentation criteria.

[Submit your Magnet Story Idea Here](#)

Magnet Data Requirement

To satisfy our Magnet data requirement, we ask all nurses submit changes to their highest nursing degree and/or ANCC specialty certifications they hold.

MAGNET MODEL COMPONENTS: *NEW KNOWLEDGE, INNOVATION, & IMPROVEMENTS*

What the appraisers will be looking for....

New Knowledge, Innovation, & Improvements (1 of the 5 Magnet Components) at Upstate Hospital

1. Nurses are educated about evidence-based practice and research, enabling them to appropriately explore the safest and best practices for their patients and practice environment and to generate new knowledge.

2. Our organization integrates evidence-based practice and nursing research into clinical and operational processes.

3. Our organization supports nursing research and evidence-based practice.

4. Our organization supports nursing knowledge gained through research which is disseminated to the community of nurses.

5. Infrastructure and resources support the advancement of evidence-based practices and research in all clinical settings.

6. Innovation in nursing, patient care, and practice environment are supported and encouraged.

7. Nurses are involved with the design and implementation of technology to enhance the patient experience and nursing practice.

8. Nurses are involved with the design and adoption of technology to enhance nursing practice and patient experience.

9. Nurses are involved in the design and re-design of workflow and physical workspace to improve patient outcomes and efficiency of nursing practice.

“YOU DON'T BUILD A HOUSE WITHOUT ITS FOUNDATION. YOU DON'T BUILD A HOSPITAL WITHOUT ITS NURSES.”

-RAWSI WILLIAMS
