

## **New York City Poison Center Consultants' Conference**

**FEBRUARY 2026**

Consultants' Conference is a monthly meeting attended by medical toxicologists, emergency physicians, pharmacists and other learners from all over the Northeast. It is an educational activity in which the *Consultants* (renowned experts in various medical specialties) provide insight into the analysis and approach to the diagnosis and treatment of interesting toxicologic cases. The cases are largely presented by the NYU Toxicology fellows in training, but anyone can present their case if deemed appropriate. Learners of all levels can benefit from the rich and often dynamic discourse.

The next NYC Poison Center Grand Rounds and Consultants' Conference will be held on February 5, 2026. Grand Rounds will start at 1PM EST and Consultants' Conference will follow immediately. The topic and speaker will be:

### **Acetaminophen Poisoning: How Did We Get Here and Where Are We Going?**

**Sanjay Mohan, MD**  
**Assistant Professor of Emergency Medicine & Medical Toxicology**  
**Assistant Residency Director Emergency Medicine Residency**  
**NYU Grossman Long Island School of Medicine**

Consultants' Conference will take place from 2 PM - 4 PM EST.

The live conference will be held on the NYU Campus in the Medical Science Building Schwartz Lecture Hall located on the Ground Floor; we will also broadcast via Zoom. Please click [here](#) to register.

Please Note: If you would like to receive this monthly announcement on a regular basis, please email me to be placed on the listserv.

Select cases that will be discussed include:

1. A 50-year-old man presents to the ED with multiple episodes of nausea, vomiting and diarrhea that began earlier this morning. He reports he and several family members foraged wild mushrooms in a park the day before; the mushrooms were cooked and consumed approximately 20 hours prior to ED presentation. His initial vital signs are: BP, 142/86 mm Hg; HR, 58 beats/minutes; RR, 20 breaths/minute; T, 98.1 degrees Fahrenheit; O<sub>2</sub> Sat 100% (Room Air). His initial lab values are significant for: AST, 50 U/L, ALT, 49 U/L, Total bilirubin, 1.2 mg/dL, INR 1.0 and lactate, 3.9 mmol/L.
2. A 40-year-old woman with a past medical history of hypertension, hyperlipidemia, and plaque psoriasis presents to the ED for fever and rash. She reports that she picked up a refill of her blood pressure medication 24 days ago; the fever and rash began approximately 10 days ago. She has had two previous ED visits during the last 3+ weeks but no diagnosis has been made. Her initial vital signs at the time are: BP, 135/99 mm Hg; HR, 94 beats/minute; RR, 18 breaths/minute; T, 98.4 degrees Fahrenheit.
3. A 28-year-old man with a past medical history of coronary artery disease presents to the emergency department after being bitten on the hand by a snake. He initially has mild swelling in his hand but is transferred to a regional snakebite center for further evaluation and management. His vital signs on initial presentation are: BP: 117/80 mm Hg; HR, 145 beats/minute; RR, 17 breaths/minute; T, 98.5 degrees Fahrenheit; O<sub>2</sub> Saturation, 99% (Room Air).

Mark K. Su, MD, MPH  
Director, New York City Poison Center

**Jointly Provided by the NYU Grossman School of Medicine and the Poison Control Center.**

**Accreditation Statement**

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education through the joint providership of the NYU School of Medicine and the Poison Control Center. The NYU Grossman School of Medicine is accredited by the ACCME to provide continuing medical education for physicians.

**Credit Designation Statement**

The NYU Grossman School of Medicine designates both of these as live activities for a maximum of 0.75 *AMA PRA Category 1 Credits<sup>TM</sup>* for Toxicology Grand Rounds and 2 *AMA PRA Category 1 Credits<sup>TM</sup>* for Consultants' Conference. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

**Disclosure Statement**

The NYU Grossman School of Medicine adheres to ACCME accreditation requirements and policies, including the Standards for Commercial Support regarding industry support of continuing medical education. In order to resolve any identified Conflicts of Interest, disclosure information is provided during the planning process to ensure resolution of any identified conflicts. Disclosure of faculty and commercial relationships as well as the discussion of unlabeled or unapproved use of any drug, device or procedure by the faculty will be fully noted at the meeting.
